POWERING WHAT'S NEXT

BESS Project Intake

Please complete the key details below so AverionX can prepare an initial recommendation and quotation. Mark any unknown items as TBD.

Project details

Company / Contact _____

Project / Location _____

Delivery / Commissioning date _____

Sizing and electrical requirements

Required power _____ ☐ kW ☐ MW

Usable energy _____ ☐ kWh ☐ MWh Duration _____ hours

C rate if known _____ C

Input voltage _____ AC / DC **Output voltage** _____ AC / DC

☐ 50 Hz ☐ 60 Hz ☐ Grid tied ☐ Off grid ☐ Hybrid

Application and charging

☐ Backup power ☐ Peak shaving ☐ Renewable integration ☐ Microgrid

☐ Data center / UPS ☐ EV charging ☐ Grid / utility storage ☐ Other: _____

Charging source ☐ Grid ☐ Solar ☐ Generator ☐ Other: _____

Requested system scope

☐ DC storage block only ☐ BESS + PCS / inverter

☐ Complete integrated AC BESS ☐ Turnkey solution

Additional requirements or notes

_____

_____

Please attach any available single line diagram, technical specification, load profile or project requirements.
